

Zymol says "Yes" at Concorso Italiano

--- On a crisp northern California day, while taking in the breathtaking beauty of Italian automotive design, the entrants and spectators of Concorso Italiano were treated to a new idea in protecting their passion - the word "Yes."

The company who has, for over two decades, been providing the world's most exclusive automotive care products, now offers the ultimate in protection - Zymöl Private Client Insurance.

"We bring to insurance our dedication to perfection without sacrifice," states John Dendas Zymöl Private Client president. "Whether it's simple insurance for a collector car or to address the complexity of business and personal liability, we are the single source."

The Zymöl Private Client program starts its magic with the word "yes" and follows through by assigning each client a team member to shepherd their every need.

"Zymöl Private Client Insurance is not based upon rigid arcane rules - it's based upon what the customer wants and needs," says Dendas.

Zymöl is dedicated to helping present and future generations preserve and protect the contributions made by the designers, manufacturers, collectors and restorers of motorised and non-motorised works of art, new or old. Zymöl now protects history.
